ROADMAP

The Full Journey

Interview passed

This is an important school-selection milestone. You must still pass document review, COE examination, visa examination and landing examination.

Stage	Main owner	Output
1. Confirm intake and deadline	Student + agency + school	Written schedule and document instructions
2. Prepare documents and forms	Student + sponsor + agency	Complete, translated and consistent package
3. School review	School	Corrections completed and file accepted for submission
4. COE application in Japan	School or authorized proxy	COE decision by Immigration Services Agency
5. Fees and admission instructions	Student + sponsor + school	Receipts and admission documents
6. Student visa in Nepal	Student through VFS	Passport with student visa
7. Travel and landing examination	Student	Student status and residence card process
8. Osaka setup and enrollment	Student + school	Address registration, insurance, bank/phone and orientation

BEFORE COE SUBMISSION

Stages 1 to 3: Build an Accepted File

1**Receive written instructions**

Confirm intake, course, deadline, photo rules, translation language, original requirements, scan format and contact person. Save the message.

2**Collect evidence**

Use Guide 02. Start bank, tax, relationship and academic certificates early because authorities and banks may require time.

3**Complete all school forms**

Use Guide 03 and a master facts sheet. The student and sponsor must personally verify the statements before signing.

4**Complete JPETS**

Book a designated Nepal panel clinic and submit the TB Clearance Certificate at the stage directed by the school.

5**Respond to school review**

Correct genuine mistakes transparently. Do not create new facts merely to make documents match.

October 2026 and later applicants

For affected Japanese-language-school applications, the school must confirm Japanese ability through an accepted test or an objectively documented interview. Follow any request for a test certificate or additional interview record.

IMMIGRATION EXAMINATION IN JAPAN

Stage 4: Certificate of Eligibility

The school or its authorized representative normally submits the COE application to the Immigration Services Agency in Japan. The COE shows that the planned activity is considered to meet the landing conditions, but it does not guarantee a visa or entry.

While waiting

- Keep the passport valid and tell the school before changing passport, address, sponsor, school history, employment or funding.
- Answer additional-document requests by the stated deadline.
- Do not make non-refundable travel bookings until the visa and school schedule are confirmed.
- Continue Japanese study and retain attendance and test records.

Processing time is not guaranteed

The official standard processing period published for a Student COE is generally 1 to 3 months, but individual cases can take longer. Use the school's submission schedule and do not promise an exact issuance date.

When the COE is issued

Check the applicant name, nationality, date of birth, status and period immediately. A COE is generally valid for 3 months from issuance for the landing application. An electronic COE or printed copy can be used under current procedures.

NEPAL

Stages 5 and 6: Payment and Visa

School payment

- Use only bank details and deadlines received directly from the school or its confirmed channel.
- Confirm who pays transfer charges and the exact amount the school must receive.
- Put the required applicant identifier in the remittance message.
- Keep the invoice, transfer order, SWIFT record and school receipt.

Student visa through VFS Nepal

The Embassy of Japan in Nepal currently outsources ordinary visa application intake to VFS Global. Book through the official VFS channel and use the current language-school checklist.

Core item	Current practical note
Visa application form	Complete a separate form and use the applicant's own contact number. Follow VFS printing instructions.
Passport and copies	Valid passport with the required blank page and copies.
Visa photograph	The current VFS checklist accepts 45 mm x 45 mm, 45 mm x 35 mm or 2 inch x 2 inch. Use a recent, clear, full-face image on a white background.
COE	Submit the accepted original/copy or printed electronic COE as instructed.
Nepal Japanese-language institute certificate	Current VFS language-school checklist requests the original.
Japanese evidence	Accepted test original or proof letter from the Japanese school, with certificate copies, as applicable.

Allow time

The Embassy states that issuance typically takes 6 working days after VFS submission when the file is complete. Detailed examination may take 1 to 2 months. Appointment congestion is common around major student intakes.

BEFORE DEPARTURE

Stage 7: Travel and Landing

Carry in hand luggage

- Passport with visa and the COE email/printout or paper copy.
- School admission information, address, telephone and airport-to-accommodation plan.
- Accommodation details and emergency contacts.
- Payment records, key academic documents, prescriptions and necessary medication documents.
- A safe amount of initial funds and a plan for accessing the remainder. Follow customs and cash-declaration rules.

At the airport

Complete landing examination and confirm the status and period granted. At major airports including Kansai, eligible mid- to long-term residents generally receive a residence card during entry procedures.

Part-time work permission

A new Student entrant may request comprehensive permission for part-time activity during landing procedures where available. Do not start work until permission is actually granted and shown in the official record.

OSAKA ARRIVAL

Stage 8: First 14 Days and First Month

When	Action	Evidence to keep
Immediately	Tell the school you arrived, move into approved accommodation and attend orientation.	Arrival and accommodation records
Within 14 days after fixing residence	Register the residential address at the ward office with the residence card or passport as instructed.	Updated residence card and resident record
As instructed by ward office	Enroll in National Health Insurance if eligible and not covered by another system.	Insurance card/eligibility record and premium notices
First weeks	Arrange phone, bank account, bicycle registration and other daily-life setup with school guidance.	Contracts, receipts and account records
Before any job	Confirm permission, prohibited sectors, total hours and school rules.	Residence-card permission entry and employment terms

Student-status habits

- Attend classes consistently and report illness or emergencies immediately.
- Keep address, phone and work information updated with the school and authorities when required.
- Keep remittance, tuition, rent, wage and tax records.
- Never exceed the permitted total working hours across multiple jobs.
